## PROFILE INFORMATION

I am a librarian. I have bachelor and master degrees in librarianship and information. I am interested in doing research as well as volunteering in the field of publishing and promoting a culture of reading and reading among all members of society. I have the ability to work with research teams in the field of data collection and data analysis. So far, I have collaborated in several research projects over the past 20 years and authored two research papers. I have 10 years of teaching experience at the university and I have taught courses on research methods and information management and organizational behavior management at the university. I am also interested in works of art, especially in the field of painting. I am fully acquainted with knowledge management and information classification methods, and the preparation of databases and the organization of library systems. I am also familiar with search engines and how to search effectively in them.
